What is the best part about being a sophomore?

"The best part of being a sophomore is not being a freshmen or "freshmeat" anymore. Besides that, there are many more reasons. One reason is that you're more familiar with your surroundings and know where everything is located. For me, I couldn't say that's the best since I'm new to Belleville this year, but the best part of being a sophomore in general to me is knowing that next year draws you one step closer to the end of this four long voyage, knowing that next year you're going to be a junior and the following year is yours to shine. Yes, it may seem long and for some, hard, but I say it's a relaxing time because it's nothing compared to the years that will follow." -Laneisha Gaston

Mr. David Kniepkamp
Principal

What are some of the highlights from your career at East?

"It has been my honor and privilege to have served as an administrator for the past twenty one years, seven of which have been as Principal of Belleville East High School. During my tenure, I have seen tremendous change to the campus; including the physical make-up of the campus in particular the Performing Arts Center, the athletic facilities, the new cafeteria and the library. I have also seen the East staff change due to retirement and growth; through these changes, these staff members continue to be some of the most dedicated and outstanding professionals I have encountered."

"One constant throughout this time-span has been the continued growth and development of East students. I have had the pleasure of witnessing timid immature freshmen enter the East campus and then leaving four years later as outstanding young men and women prepared to face the challenges of life. Through all of the changes and years, it has become increasingly obvious to me that Belleville East is truly a "Great Place to Learn, and a Great Place to BE." -Mr. Kniepkamp

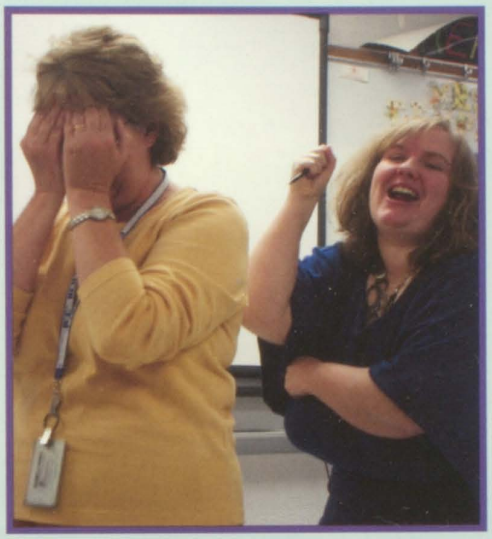
Do You Have a Question?

Left: Mr. Byrne is one helpful teacher! This year, East held a freshmen orientation day. This event allowed freshmen to attend a shortened class day in which the students could go through their entire schedules, class by class. The freshmen were able to meet teachers, practice opening their lockers, and find various routes to their classes in order to get to them on time. This day was set up to minimize stress and welcome the freshmen into their new environment.



Not Your Ordinary Class Preparation Time

Left: Mrs. Templin tries to lighten the atmosphere by busting out some silly dance moves in front of her co-teacher, Mrs. McIlwain.

...and You Thought You Got up Early...

Left: Ms. Blankenship helps a student out before the 8:15 bell rings in the morning. She can be found at school as early as 6:45 a.m.

On the Move

Left: Mrs. Germann multi-tasks in her new office in S Building.

Parts of a Letter?

Right: Mrs. Hemmer teaches the parts of a friendly letter in a new way by relating the elements to various body parts in a power point presentation.

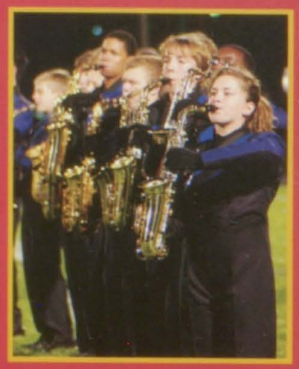
MARCHING BAND



Lancer Band Rituals

To the right is a picture taken by Kevin McNary, a senior Lancer band member. When asked about traditions in marching band, Kevin stated, " The Belleville East trumpet line shows its individuality every football game by creating a new design on the track. Most of the time the patterns are not planned out before, and they usually use every aspect of our uniform (hat, jacket, trumpet). This has been a tradition since 2007 and the seniors hope the underclassmen will continue on with our new found tradition."

What made the tenor saxophone popular?

The tenor saxophone is a staple instrument in the jazz music world. Its original use was intended for military music pieces. It wasn't used as often as it is today until the 1920s, when jazz music became extremely popular in America. In jazz ensembles, the tenor saxophone plays a key role.

CHOIRS

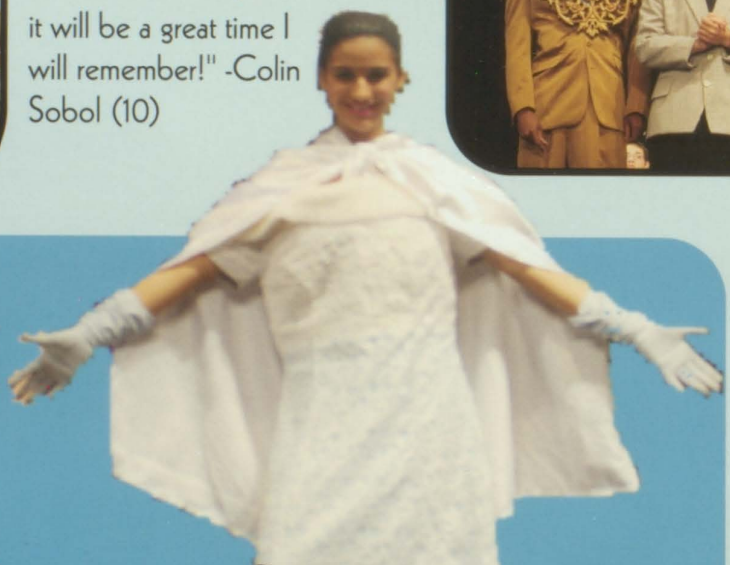
"Bein the goofy host was a totally fun part. I loved getting to know the cast and crew,and it will be a great time I will remember!" -Colin Sobol (10)



ONE ACT PLAY

The one act plays are an opportunity for any freshmen or sophomores who are interested in theater. The show this year was "Happily Ever After," the musical. The show was hosted by a goofy man, who tried to make the best of things, even when it just made it worse! Cinderella and the two Ugly Step-Sisters are reunited, and as tension rises, Snow White and the Evil Queen join the show. Jiminy Cricket, the peacemaker, helps and suggests the best, which has everyone forgetting and forgiving. From powerful vocals and samba dancing, to the great humor, the production was a success! -Kristen Weissert (11)

"It gave me a chance to break out of my shell, and show people what I got." -Candice Pajda (10)

STUDENT COUNCIL

Student Council is a major organization run completely by the student body and their sponsor, Ms. Dean. They help make school decisions to better our school and raise money throughout the year. In addition to doing so many positive things for our school, they also are in charge of fun projects, such as coming up with the theme for homecoming week. Members even get to decorate for the dance! Student Council is a good balance of both hard work and fun.

JUMPSTYLE

Jumpstyle is a modern form of dance commonly practiced in Europe. Jumpstyle also refers to a style of music to which Jumpstyle can be performed. Performance by more than one person is the most popular. The legs are the most important part of the body in jumpstyle. It is performed by a series of forward and backward swings of the legs to the rhythm of the music.

In Model UN, students step into the shoes of ambassadors and debate current issues. While playing their roles as ambassadors, students make speeches and negotiate with allies to resolve problems that affect countries all over the world. Before playing out their roles, students have to research the issue first. Their in-depth knowledge of their countries guarantees a memorable experience.

Fellow Model UN members prepare themselves for a big McKendrey confrence in the spring, where they talk about worldly problems and how to resolve them.

Hidden Math Meaning

"Pi Day is usually celebrated on March 14th since the first few numbers of the irrational figure are 3.14. This year, Pi Day was on a Sunday, so the school celebrated on Monday. As part of the festivities, Mu Alpha Theta buys t-shirts and students throw pies in math teachers' faces. The t-shirt for this Pi Day was π d/t (pirate), where π is the pi and d/t is the rate. Pictured to the left are officers Matt Fields, Kelsey Taylor, and Lauren Durocher, who pied Mr. Osborn, Mrs. Evans, and Mrs. Fields respectively."

SPEECH

A Day in the Life of a Speechie

" It's 5:30 a.m. on a Saturday and you are just arriving at school to get on the bus. You're going to a speech tournament but at this point all you want to do is sleep more; you"ll worry about your performance when you get there. You arrive at the school; everyone is groggy and tired but striving to get ready to win. You put on your nice clothes, being careful not to look too eccentric and trying to ignore that nervous knot in the pit of your stomach as you go over your piece one last time. Your first round is quite intimidating. But you know you have to at least get a 1st or 2nd place in this round as well as the next if you have any hope of breaking into varsity finals. All that you have is your best and you hope that's enough. You've done both rounds now and you feel like you rocked them, but you, like every other competitor, know not to count your chickens too soon; the judges get the last word. Waiting to hear if you broke finals is like waiting to cross the final frontier since you don't know what to expect. Will you make it? "

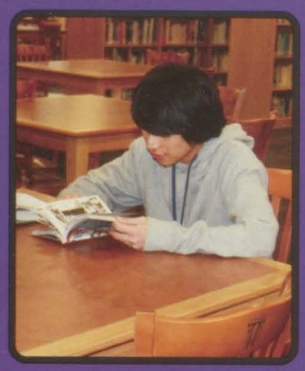
LANCERS IN

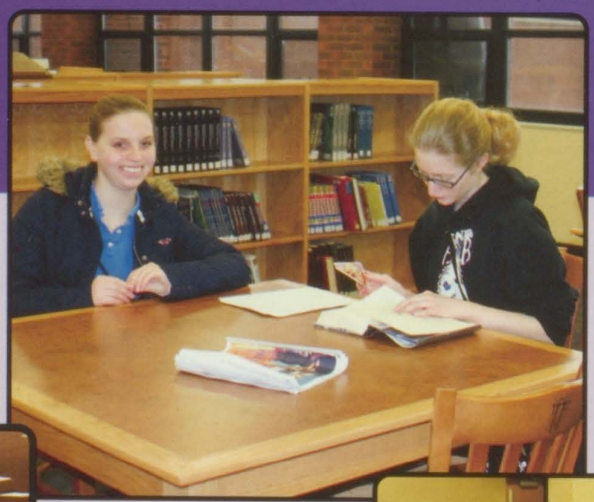
Left: Students get to come in and relax before class in the library.

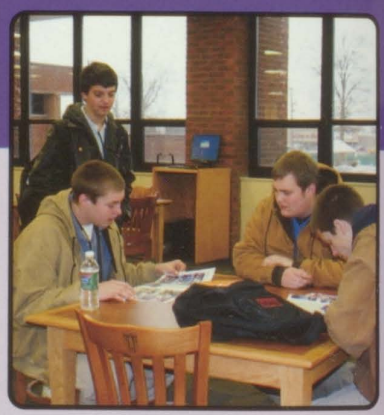
The new library is full of East spirit. Even the chairs have ben marked with the Lancer shield.

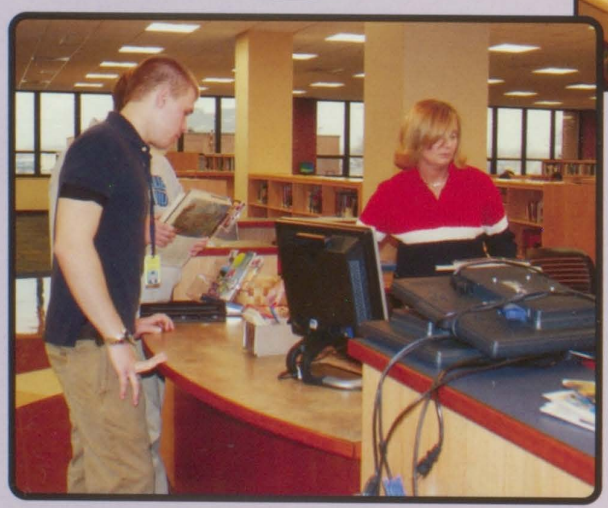


Students love using their free time in the library to catch up on their school work and read The Lancer, East's newsmagazine.

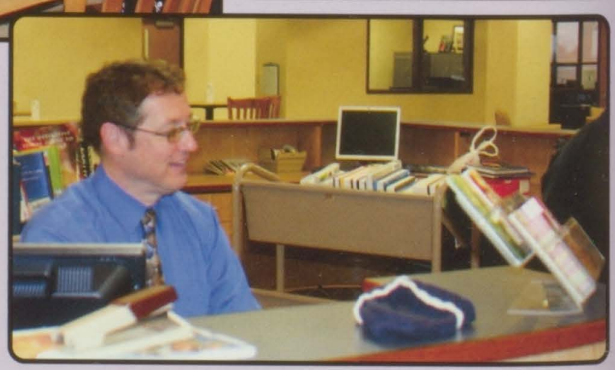
SHHH!







Left: Mrs. Hayes helps Andy Hassel (11) and Arthur Martin (11) check out materials for research essays.



Below: Adam Tieman (12), as the English Honor Society president, is thrilled by the sight of so many books.

Above: Mr. Schmidt helps some students check out books in the new and improved circulation desk. This area is located in the middle of the new library so students won't have a problem finding it. Plus, the size of the circulation area dwarfs the old library's check out space.

Right: These Lancers give the new library coffee area two thumbs up. The new library has a coffee shop located next to the circulation desk. The DECA classes will manage the shop's operations from start to finish. The students will be responsible for many jobs, such as ordering supplies, scheduling hours, and selling the various beverages available to students and staff.

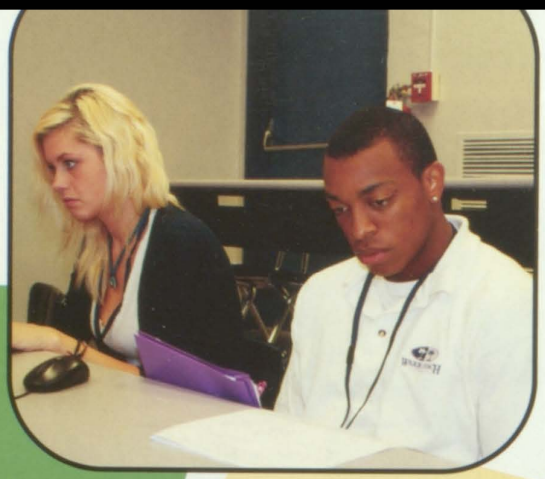
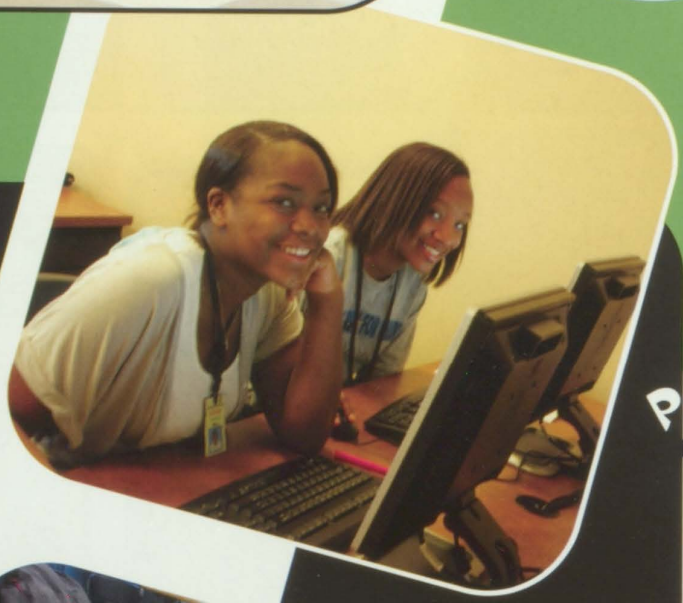
Below: Smeet Merchant, Josh Sleeter, Tori Burton-Henderson, Sarah Ellison, and Zach Threlkeld use one of the new library's four computer labs to complete school work. These new labs can now cater to several classes at a time. They are equipped with more than enough computers and projector systems in each quiet lab. Students can attend class while in the library since each lab is separated from the next, as well as the library common area. The labs are extremely comfortable and welcoming, and they encourage learning and creative development in ways the old library never could. East's library and state-of-the-art labs are unrivaled by any other school in the Metro East area. The new library is just another example of how Lancers are given opportunities and valuable tools to excel during high school and in the future!

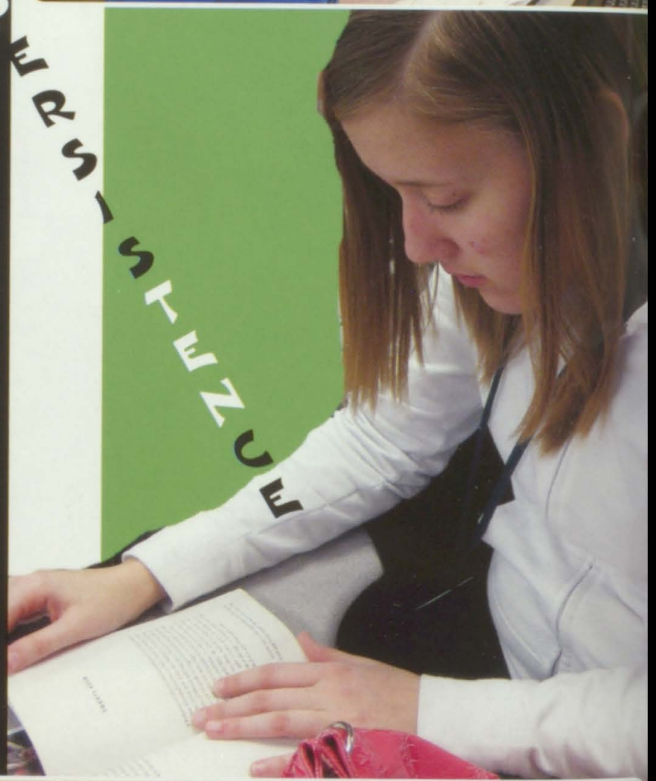
THE LIBRARY

FIRST PURSUIT





To the left, Lexie Ruhl (12) is using her Kindle to read all of her books for her Lit. Themes class. To the right is Mackenzie Depper (12) reading The Kite Runner in Lit Themes.



"What happens in Creative Writing... Stays in Creative Writing."

Usually first hour is supposed to go very slow, but that's not the case for this class. Creative Writing is full of exciting, amazing people. Ms. Blankenship knows how to keep this class fun. Unless you've been in it yourself, it's difficult to understand. Everyday there's always something new. "Best class of my four years here, hands down. Wish it wasn't just a one semester class. Ms. B., you're awesome!" -Alyssa Costantini (12)

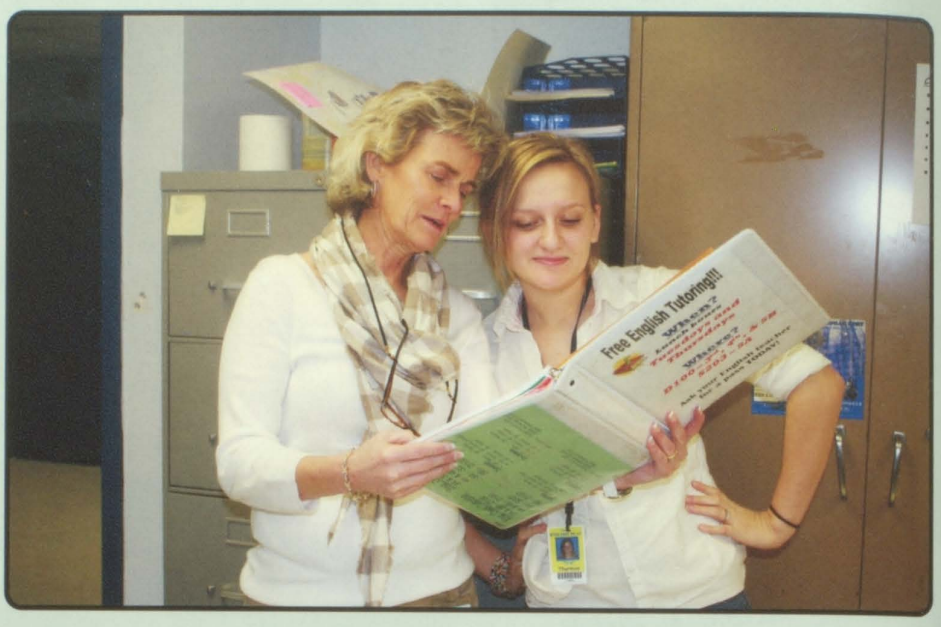
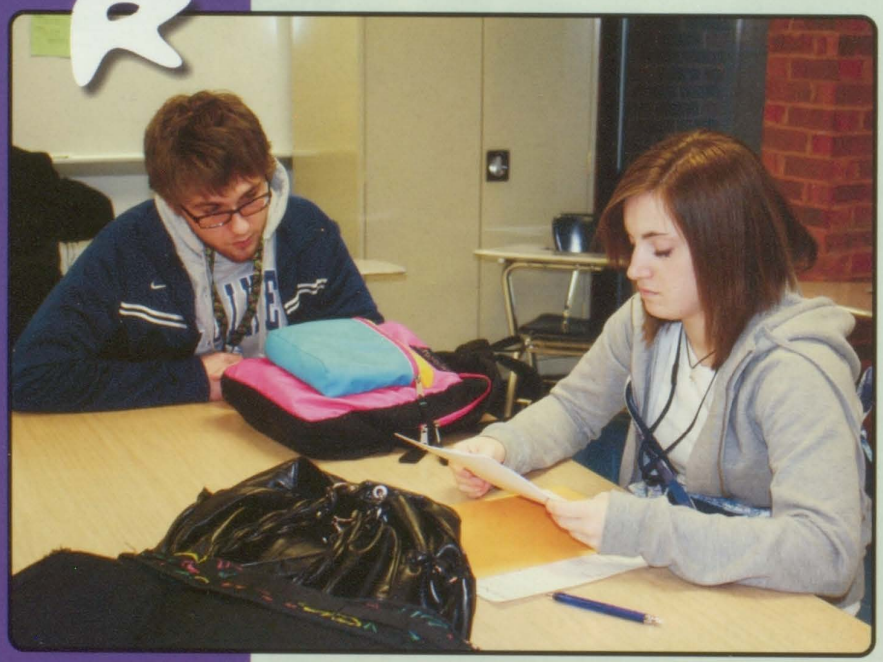
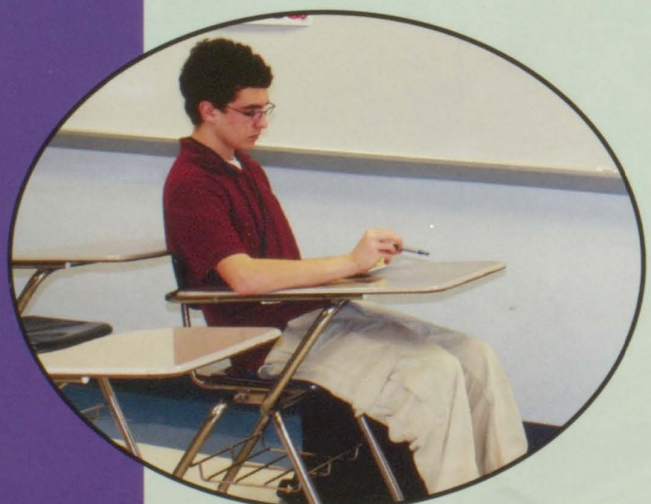
Left: Mrs. Hettenhausen's multimedia class is working on a fifty slide cartoon. This assignment teaches students how to use Powerpoint's many options, such as different font colors, sizes, and shapes. Students work hard to try to get their assignments done on time, while having fun during the process.

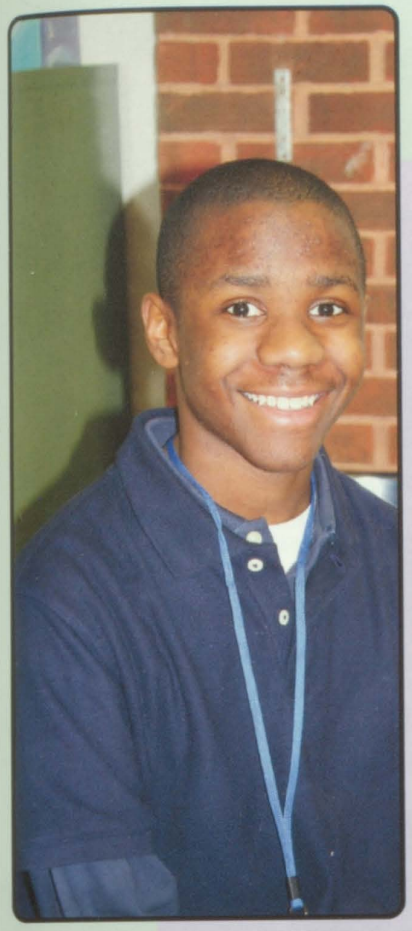
THIRD HOUR



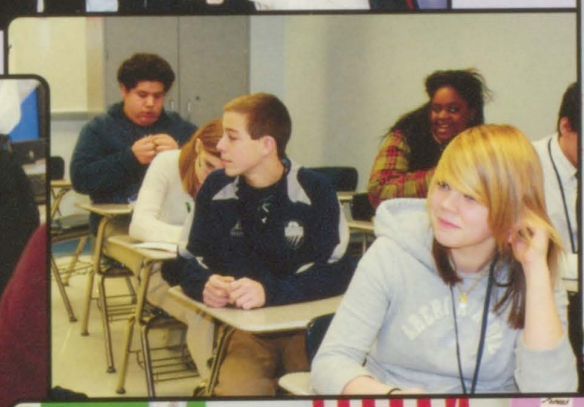
TUTORING TIME! During tutoring, tutors will take kids in and help them with what they're struggling with. In the picture to the right, Ms. Menke is helping Teryl Thurman (11) make sure that all of the tutors are present so they can start working. Our 3rd, 4th, and 5th hour tutors take time out of their lunches on Tuesdays and Thursdays to help out Ms. Menke. Ms. Menke is proud of all her tutors and tutorees because of the hard work they do.

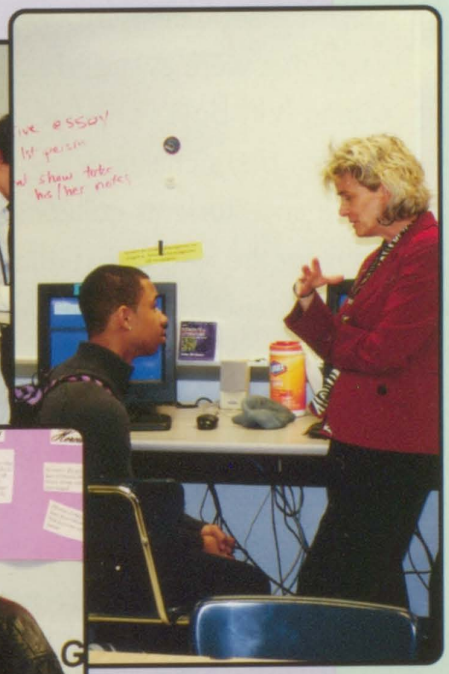


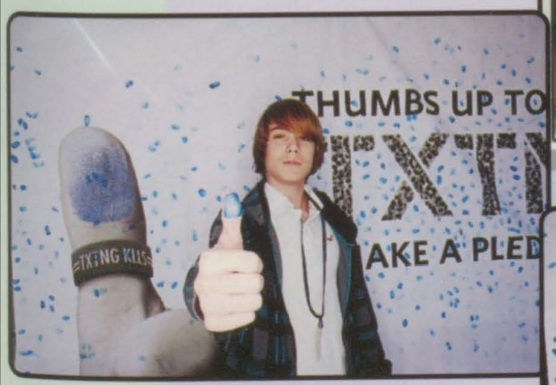




For the new year starting on January 1st, 2010, out of 300 new laws, one was no texting while driving for individuals under the age of 21. State Farm allowed our high school students to pledge for no texting while driving. Car crashes are the number one killer of teens. We get it. You want to text all your friends to see what's up. However, reaching for a phone while driving increases your risk of crashing by nine times. So take your thumbs off the cell phone and help keep your friends and family safe. Give two thumbs up for no texting and driving!







4TH HOUR

Donate and Celebrate

Above: Michael Cutler (12) wears his beads, that were awarded to him, during Mr. Boyt's creative writing class. East's character counts committee and students collected donations for the Red Cross efforts in Haiti. East raised over $5,000 in less than a week's time. This is just one instance where Lancers have pulled together for a cause this year.

Katie Firestine (12) paints her color wheel for her Interior Design class.

What? We need HOW many note cards?

Above: Ms. Czyz helps Krystale McAfee(12) in Interior Design class.

Above: Kayla Johnston (11) reviews research essay notes over the complicated note card process. All English 5-6 students must collect research and data to create at least two research essays during their junior year. These cards collect the important and more useful information that will be used during essay construction.

Sam Stegman (12) has fun while painting.

P.E.

Above: Two students goof around in the gym.

Many students look forward to their P.E hour because it is the one class that doesn't assign homework! It requires everyone to dress out daily and to participate in various sport units. This year they have added the intense workout program of P90x to the rotation. With this, the students venture to the wresting mats and watch a large projection screen, burning calories and working every muscle!

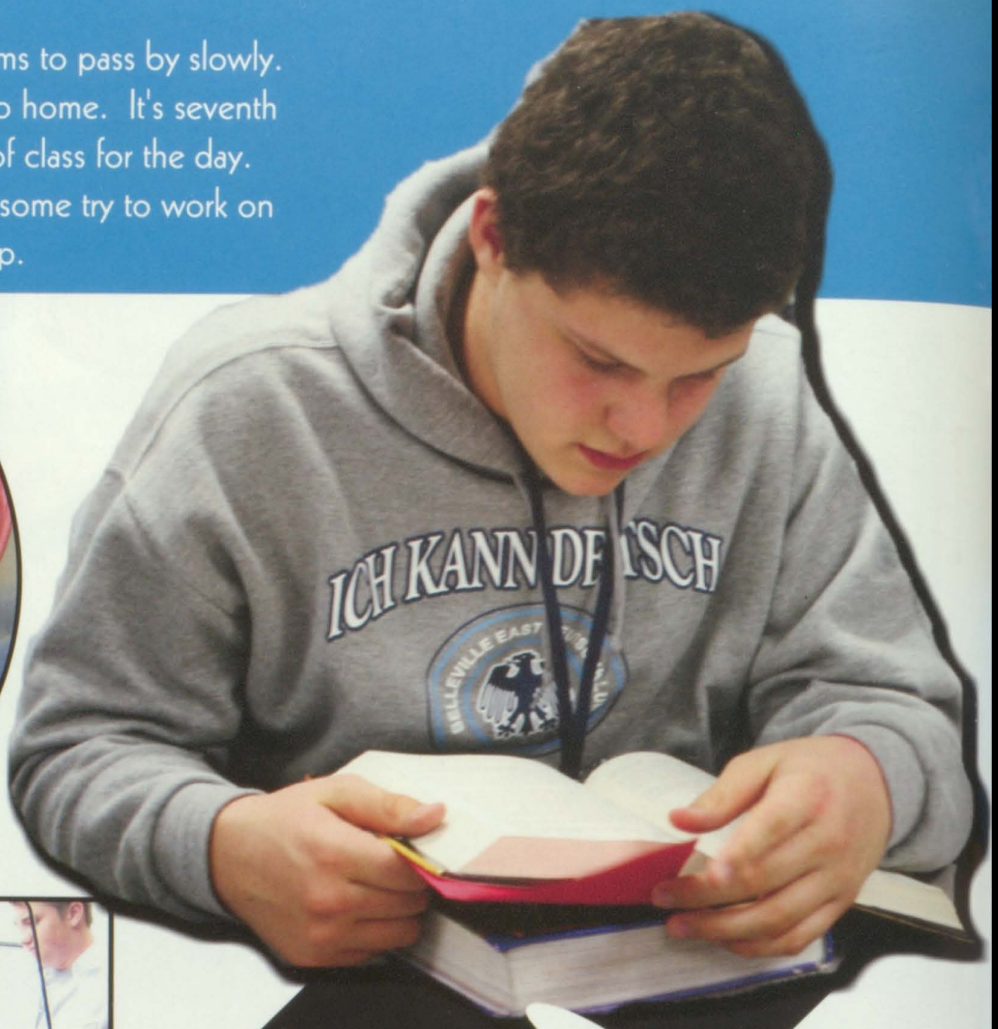
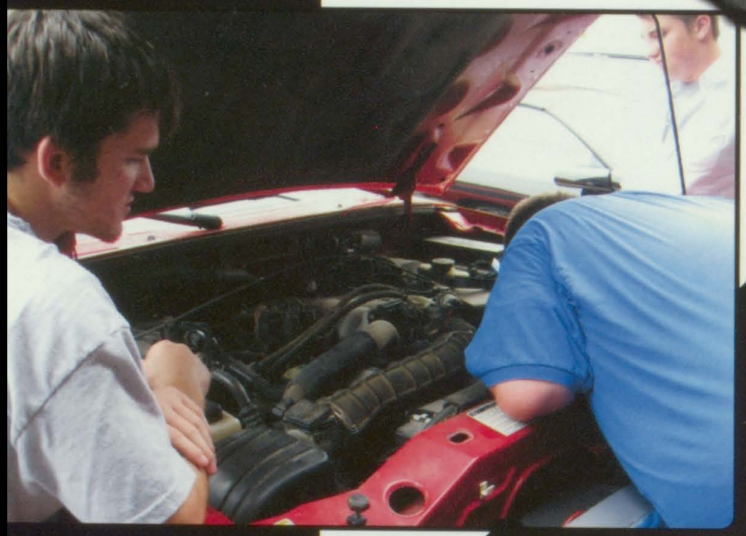
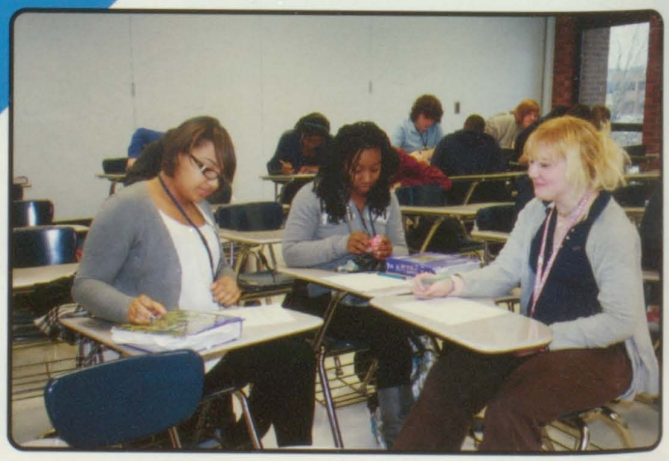
Above: Tori Boyd(11) and Kacie Dallas(12) wait in their squad line for instructions.

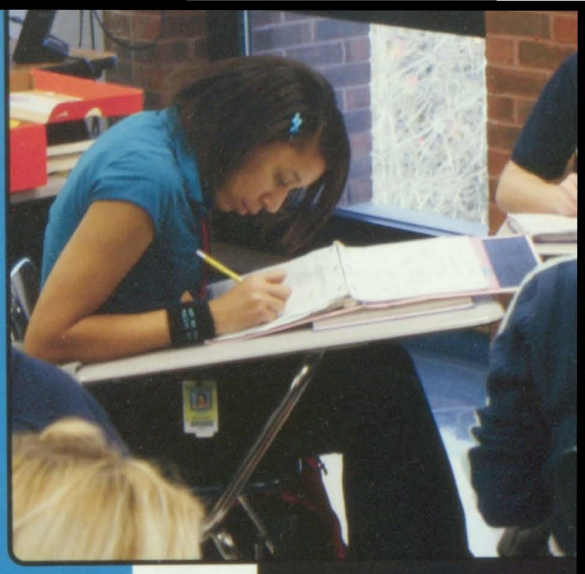
It's the end of the day and the time seems to pass by slowly. Only one more hour until it's time to go home. It's seventh hour and kids are anxious to get out of class for the day. Some try to read to pass the time, and some try to work on their cars for autoshop.

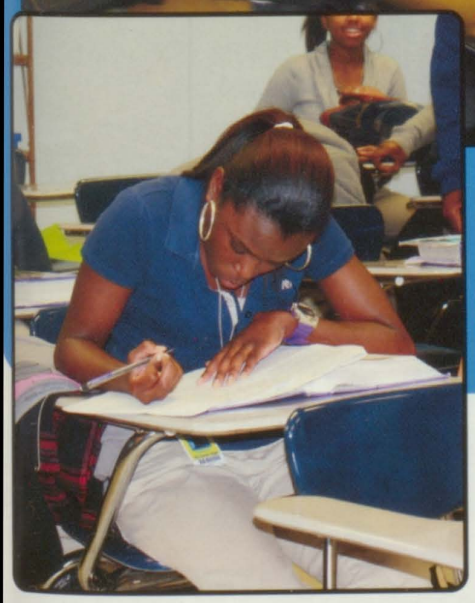




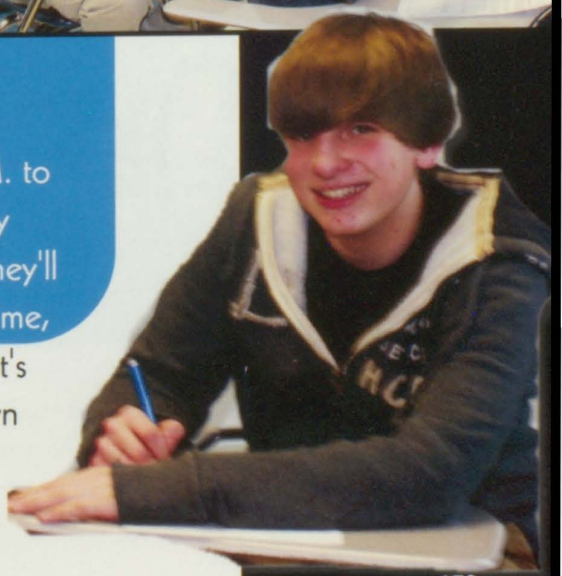
SEVENTH HOUR







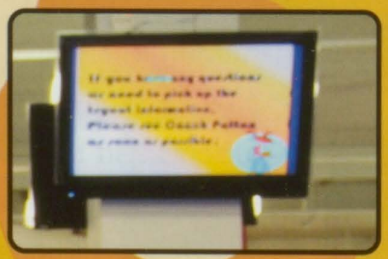
All eyes are on the clock from 2:30 P.M. to 3:25 P.M. It's hard for students to pay attention or truly focus when they know they'll be home within an hour. At about this time, students start to feel tired and hungry. It's about the time brains tend to shut down during school.



Cafeteria

Above: Chelsea LeClair, Nikole Pfaff, Katie Kellow, Jennifer Martindale, Summer Elbe, Cassie Sharp, and Alyssa Kelly enjoy their lunches together.
Lower Middle Right: Laura Macky, Maria Effinger, Hayley Johnston, Brenna Anderson, Erik Busch, and Katrina Galatti goof around while snacking.

Above: Seniors Emma Faist, Alyssa Costantini, Amanda Lovell, and Sam Call spice up their lunch with some homemade Thanksgiving cookies.



The new cafeteria has added high tech flat screen televisions that rotate slides of all the upcoming events, like meeting times and dances. Sometimes the news will be featured and the students can learn about events going on in the world.

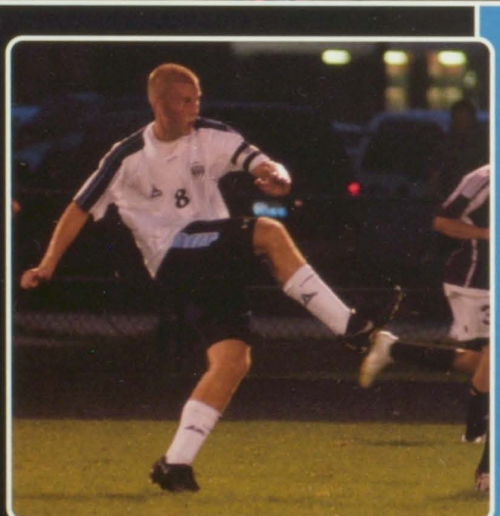
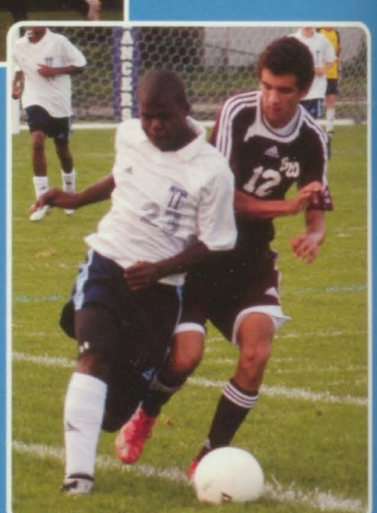
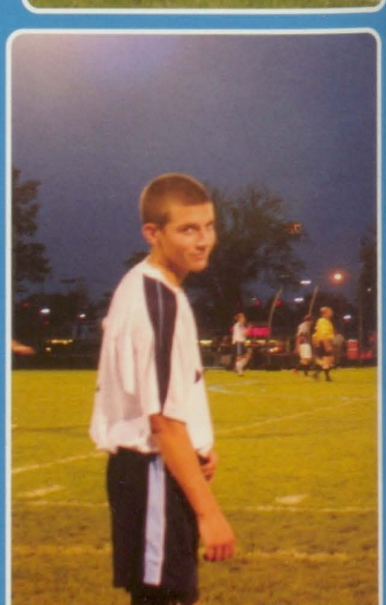
Favorite Memory

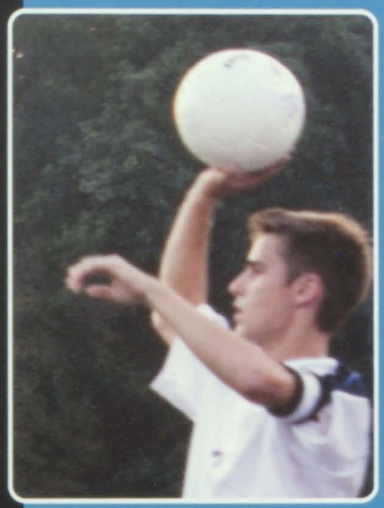
"There is no way I could narrow it down to just one memory because there have been so many this year. First off, defeating West for the Belleville East Invitational Tourney Championship and winning the city title were our best accomplishments and great memories. Also, breaking the school record for most shutouts and most wins are two things I will remember forever. Personally, the strongest memories I have and will miss the most are just being around the guys everyday having fun. I've played with some of these guys for four years now and they are like my brothers."

- Taylor Johnston (12)









"Overall we had a great season. Beating West in the preseason tournament and setting school records for wins and shutouts is something I'll never forget. I'm glad I've been able to spend the past four years playing with most of the guys, and it's something I'll really miss." -Scott Wuebbels (12)

Tennis Reflections

"I am going to miss so many things about tennis: the girls, the coaches, the road trips, all of it. Some of my best friends have been made through tennis, along with my best memories of high school. Although spending every weekend away can be tough, when I look back on it, it was all worth it. I'll never forget the van rides, Italian dinners, early mornings, and late nights. Next year the team will still be strong with returning members such as Lauren Bradley, Michelle Gass, and Alana Hoffman, who was out this season due to an injury. We had a great season this year; we were conference champs and won the Bloomington Invitational. Miranda Lopez and Michelle Gass (doubles team) and Lauren Bradley all made it to state." -Chloe Howenstein (12)

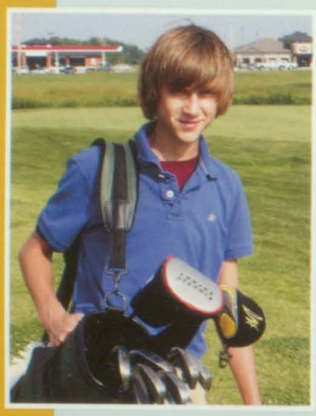
BOYS GOLF



"The golf season this year was full of excitement, but with lots of unfortunate events to cause a weaker record on paper. Our record was 9-7 in matches. This year, the team played in the Alton Redbird Classic, Quincy Tourney, St. Clair Tourney, and the Pekin Dragon Tourney, where we finished in the middle of the pack for most of the tournaments."

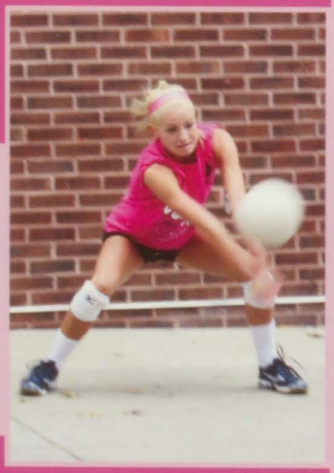
Tender Hearts

Why do you think it's important to do philanthropy activities at East, such as the Volleyball for a Cure game against West?

"Raising money for breast cancer is just one thing the volleyball team does that's great. This game is a great way to recognize women who are battling breast cancer. Even though we play West, it's all in good fun for a great cause. Plus, we get to wear pink."
Dominique Woodhouse (12)



What do the girls do in order to get ready before a game?

"Dibbie Debbage. You get a group of people and circle up and decide who's going to lead the game and what each person will follow. You can do all kinds of silly dances and movements. It's tiring but FUN!" Ashley Smith (11)

"Anyone can read through our times and understand how we did this season, but they will never know what really happened. Everyone on the team formed a relationship in a disfunctional family sort of way. We stretched together, we ran together, we sweat together, we won together, we lost together, and we pushed through the pain together. We are different from other teams because every single person plays an equally important role in the success of the team. When you can go out and run six miles you feel like you are on top of the world, and the only thing better is being able to share that feeling with your friends, and that is what we live for."

We're the best there is, plain and simple. With all of the bowling team's success in the past four years, it's very difficult to pick out one moment to call my favorite. Obviously my favorite memory as an individual would be my 300 game sophomore year. But hopefully I can top that memory this year by adding one or two more perfect games. The moments I remember the most, however, come with the team as a whole, rather than me individually. Because we are so good, it is no surprise that my favorite memories are of us winning. Each year, the state tournament has always been something worth remembering. The atmosphere was a little overwhelming freshman year, but I began to look forward to it after my first experience. Nothing can beat the level of intensity at state. The crowds cheering behind you provide an adrenaline rush, just like in any other sport. Although East has never won the state tournament, we hope to change that this year, as we have the most solid team I have ever been on. Each person on the roster has come through big this year, including the guys off the bench. I think I speak for the whole team when I say a state championship would be the greatest memory imaginable for the bowling team. So I guess that I have many great experiences on the team thus far, but I hope to add many more memories throughout the remainder of the year. Despite our undeniable success, it still feels like I have some unfinished business to take care of. Belleville East has a great team this year and I encourage everyone to come out and support us on our quest for a State championship. Joshua Loesche (12)

What was your favorite experience bowling?

Breanna Fowler (11)

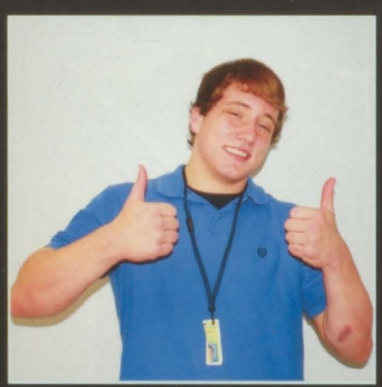
"Watching the 2008 boy's team go to state was the most amazing moment for everyone involved on the team."

"My favorite experience would have to be girl's sectionals last year when our team took third by a few pins. All of the girls were bowling their best and having a really good time, and it's when we all really started to bond."

Kayleigh Marks (11)

WRESTLING

TENACITY



"Wrestling is the ultimate form of athleticism. It tests a wrestler's mental and physical abilities. Do you have any pre-game rituals before a game?

"When I get into the batter's box, I move the extra dirt behind me twice, then I have one foot in the other cut getting the sign. I then swing once, take a deep breath, and put both of my feet in the box. Next, I touch the far corner of the plate, point my bat to the pitcher, and place my bat on my shoulder to get ready for the pitch." - Kayla Wade (12)

Something for Everyone

Track events can last all day long, and all the events put together are called meets. During competitive meets, many schools can go up against one another at the same time. In boy's track, while speed is always important, distance isn't. Some races only challenge a runner to run for a certain number of feet, while others demand runners to go for a few miles. Runners can also take part in team relays, where they must count on one another to achieve success. Some events, such as the high jump, force a runner to use every muscle in his body to fling himself over a high bar.

"I am really looking forward to this season because we have a numerous amount of athletic players that came out this season. Last year was a fun year, and we made it to sectionals, but I know this years we are more focused, athletically talented, and disciplined. I believe we can win state this year. The main teams we are looking forward to beating are O'Fallon because they knocked us out of sectionals last year, and Edwardsville because they are in first place for the All Conference Award. This award is given out to the most athletic school, and we are 2.5 points behind them. If we beat them this season, we have a chance of taking first place for the award. This season is not going to be a walk in the park, but if we work hard, and give it all we got, I'm confident we can win state." -Marquis Kilburn (12)

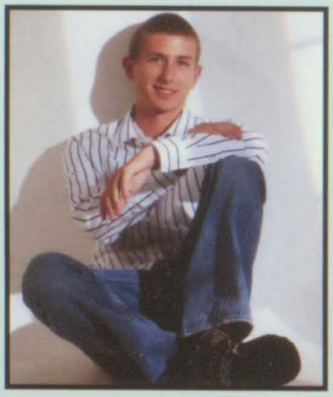
Lexie,
What an incredible journey! Continue to shine bright as you blossom into an intelligent and beautiful woman. We feel like we've been part of a magical fairy tale and we look forward to the next chapter.

Love,
Mom & Dad

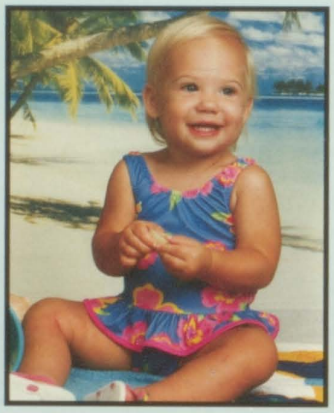
Congratulations, Cody Schannel



Cody,
We are so proud of you for...
The challenges you have faced.
The choices you have made.
The values that you hold.
The character you have built.
The friends you have kept.

Love,
Mom, Dad, Brady, and Kiley

Congratulations, Erica Siddle



Erica,
You've traveled the path from beautiful baby to gorgeous graduate with style and success! Continue the journey and pursuit of your dreams with God's guidance and blessings. Proverbs 16:3 We love you!

Dad, Mom, Brittany, Ryan,
Alex, and Adam

Congratulations, Leslie Smith

"Destiny is no matter of chance. It is a matter of choice. It is not a thing to be waited for; it is a thing to be achieved." May your destiny be filled with amazing achievements.

Love,
Mom

Congratulations, Brandon Starkey

Brandon,
We are so blessed to have you for our son. Next year the start of something new brings the hope of something great. Let your heart guide you...to infinity and beyond! Love you most!

Mom and Dad

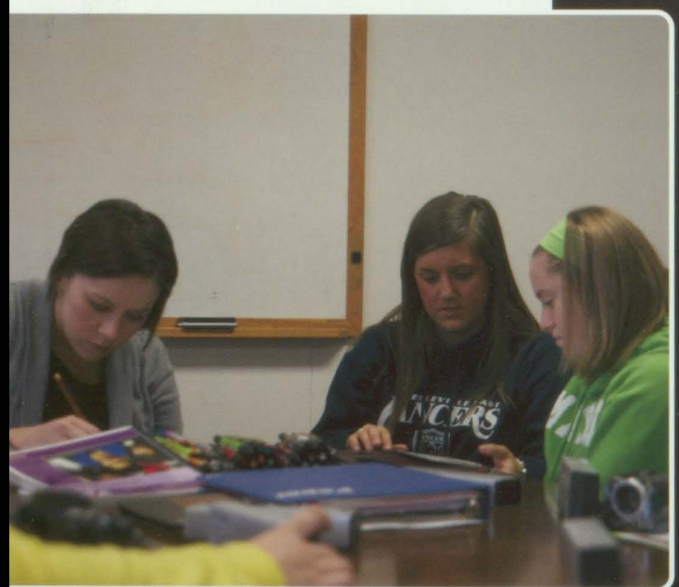
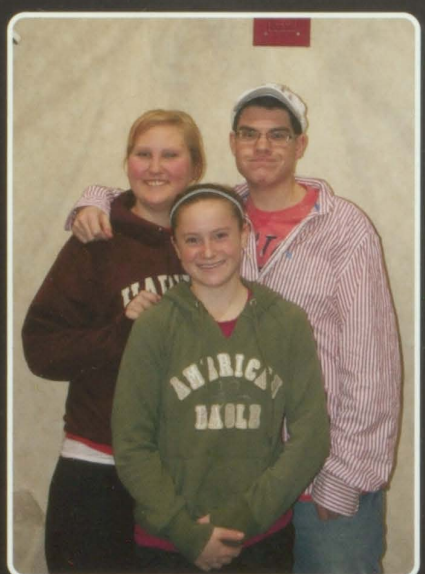
YEARBOOK GOES TO TOPEKA!



Above: Ms. Davis and Emily Costantini (09) are working on the theme for the yearbook next year with a Jostens artist. Below: Sydney Ross (12) and Amanda Lovell (12) are giving ideas for the theme.



Above: Sydney Ross (12), Emily Costantini (9), and Ryan Hadfield (12)

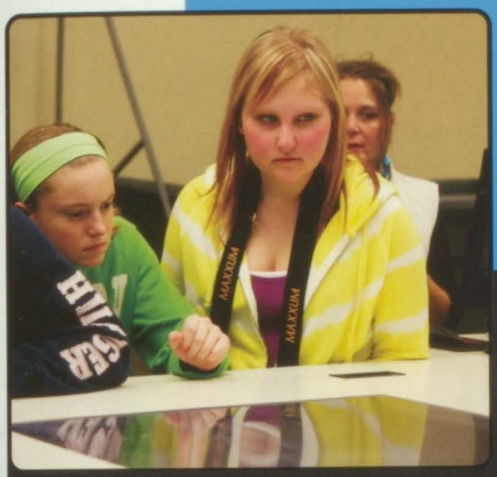
Did you know yearbook pages are printed in sheets of 8 connected pages at a time?

Some of the pictures below and above are of a few of the machines that are in the factory. These machines are what make our yearbooks, and they can cost up to $250,000 for one!

The plant isn't as safe as it looks, and they don't count a paper cut as an injury. Many workers have to wear safety glasses and strange looking, mechanical machine restraints to make sure they won't get a limb or finger cut off!

Above is a lady who works at the factory. She is one of the people who works on covers by hand! She works hours and hours each day with a small, intricate tool to make great covers!

Above are Ryan Hadfield (12), Alyssa Costantini (12), Sydney Ross (12), and Amanda Lovell (12) on their way to the restaurant. Below is Ms. Davis and East's publication consultant, Leita Hill.



On February 4th at 7:30 a.m., yearbook was off to Topeka, Kansas. It seemed as if it was a never ending drive in a family van for almost 6 hours. A full car of 7 people is not the most comfortable setting in the world, but it was worth the drive. When we arrived in Topeka, it was about 1:00 p.m., and we went straight to the Jostens factory. There we met our publications consultant. She told us a little about the factory, and then she handed us over to another Jostens employee to give us a tour around the place. During the tour, we learned that many schools still make their yearbooks by hand with scissors and glue! We also learned how they check pages to make sure they're right, how pages are printed out, different themes for yearbooks, how covers are made, and so much more. Later that night, we were treated to dinner at Timberline Steakhouse with our publications consultant, Leita. After eating a delicious dinner, we went back to the hotel to relax or swim. Sadly, we had to get up early again the next day just to leave and go back home. Some people may see this trip as not that exciting, but us yearbookers see it as an experience to never be forgotten!

To the right is all of us, including the waiter who served us at Timberline Steakhouse.

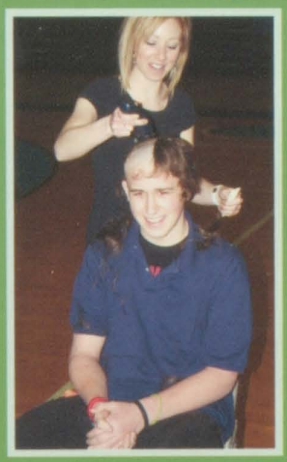
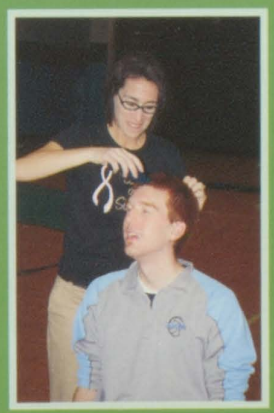
ST. BALDRICK'S

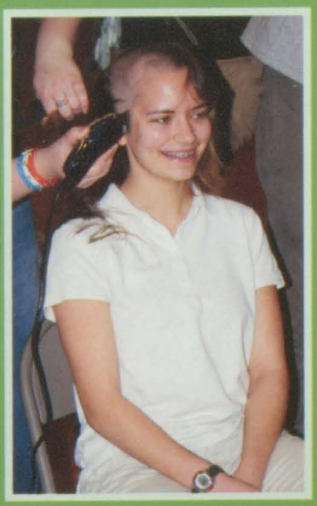
East Gives Back

Over the past few years, Lancers, led by Luke Weaver, have started to support the St. Baldrick's foundation. This foundation raises money for cancer research. Students and staff members have come together to donate funds for this group, and East has been very successfully with its efforts. During the first year alone, Lancers and staff members raised over $5,000 campus wide. Many Lancers have been affected by cancer in small and large ways, and they know how to support a cause during times of dire need. This foundation helps students remember and honor those who they have lost to the battle against cancer, as well as the brave survivors. Now, East has a new annual tradition of shaving heads to support St. Baldrick's. Students and staff members shave heads and/or dye their hair in order to support this foundation.

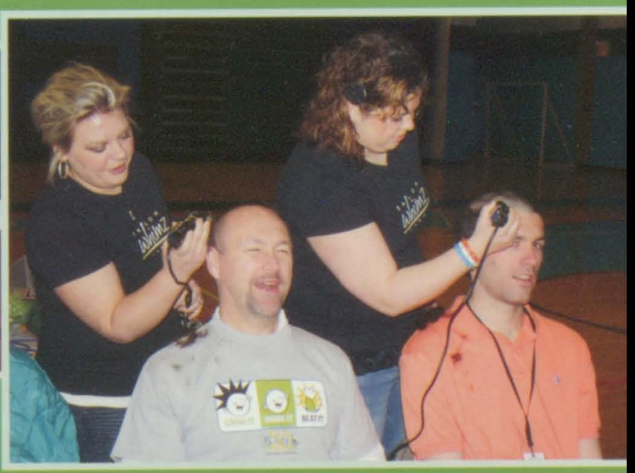
Above: Zach Threlkeld (11) and Alex Harres (12) are making green the new black.

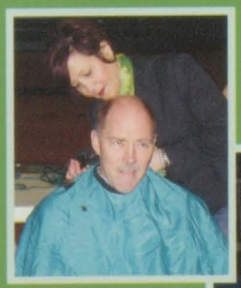


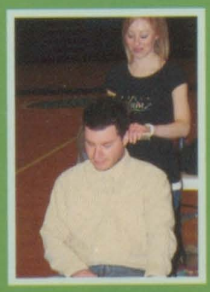




Above: Mrs. Hoerner got into the action by shaving a former student's head.
Righ: Mr. Padget takes his turn.







Above: Mr. Kincaid and Mr. McEvilly bravely let go of their locks. Mr. Kincaid is even sporting the St. Baldrick's t-shirt for this year.
Left: Mr. James proudly and happily shows off his new hair style at the head shaving ceremony.

Right: Lancer alumnae and cancer survivor, Cameron Schulte, gave an inspiring speech about overcoming cancer and supporting the St. Baldrick's foundation to kick off the ceremony.

Right: Many NHS members came to the ceremony to show their support.

From Advisor: Sarah Davis

"This year did not even compare to last year in terms of hardships. Every advisor is told over and over again how challenging the first few years are going to be. However, thanks to my fabulous staff, this year's book was completed much easier and faster than I had anticipated. We had a lot of fun during meetings, going to the SISPA competition, and going to Topeka, Kansas to the Jostens plant. It was fascinating to see how our yearbook is made from front to back. I want to especially thank my irreplaceable editors and seniors for their hard work; you all will be greatly missed! Also, thank you to Ed Sugden, Leita Hill, and all of the faculty and staff for your support and invaluable help this year."

From Co-Editor in Chief: Alyssa Costantini

"After being in yearbook for four years, I can't believe this is the end. Even after all of the crazy deadlines, late nights, and hard work to build this yearbook, I will for sure miss it. I didn't realize how hard making a yearbook could be. It takes time and pure dedication to get things done. Once I started to take things seriously, yearbook became my priority. It's sad to say my yearbook career is over, but it's nice to say that my work here is done. Thank you Ms. Davis and the rest of the yearbook staff for making my last year awesome!"

From Co-Editor in Chief: Sydney Ross

"I've been on yearbook for 3 years and this year has definitely been the most challenging, but I've enjoyed every bit of it. I'm going to miss everyone and all of our weird inside jokes, and I wish everyone the best of luck!"

From Photo Editor: Alex McClinton

"Having been on the yearbook staff for the last four years has been an amazing experience. I have had the opportunities to be able to photograph all different kinds of people, and this has really helped to shape my photography. Without yearbook I would have never had these kinds of opportunities. Our yearbook staff may be slightly dysfunctional at times, but without them this book would not be here. The other editors and Ms. Davis have done an amazing job of creating this book and I am extremely grateful for all of their help."

The Shield

From Senior: Emma Faist

"Being a newbie this year, I had no idea how much work went into making a yearbook. I have learned SO much from everyone! Unlike everyone else, I can't compare this year to any other year, but one thing I know is that I'm going to miss all of the hilarious, quirky, obnoxious, creative, and overly stressed people every Tuesday and Thursday. Thank you for letting me into the family, I love you guys!"

Row 1: John West, Britni Ruiz, Alisa Turman, Austin Ready, Keelan Vaughn Row 2: Ben Kreitner, Emma Faist, Alyssa Costantini, Sydney Ross, Amanda Lovell, Ryan Hadfield, Ms. Davis

From Senior: Ryan Hadfield

"This year, my last year of the three years I've been in yearbook, has been fulfilling, but also quite a challenge. To finally be done with the yearbook and be able to sit back and look at what we've accomplished over the year is a great feeling. I'm definitely going to miss the good times and a special thanks to all my friends that helped in making the best of my last year at East."

From Senior: Amanda Lovell

" Yearbook has been by far one of my favorite school activities that I have participated in. I have only been in yearbook for two years but through all of the hard work of meeting deadlines and making FABULOUS pages, I have been able to make memories and friends that will last a lifetime. This year our staff had a tremendous bond and we have had some great times while stressing out about finishing our pages. Thank you to everyone who helped make this year great!"
